Breeder's Guarantee:

This puppy is guaranteed to be in good health, to the best of the seller's knowledge. If he/she wishes, the buyer has 72 hours, from the time of pick up, to have the puppy checked by a licensed veterinarian. If there is a life threatening problem that cannot be rectified you may return the puppy to us, at your expense, on the day following this vet exam, along with the veterinarian's statement indicating the life threatening problem. You will then receive a full refund of the purchase price.

- This Guarantee does NOT cover the presence of parasites and also does not apply to a health problem resulting from injury or accident due to buyer's negligence.
- This Guarantee does NOT cover viral or bacterial infections such as Coccidia and Giardia, as they are easily treatable and very common in puppies. These are not

covered in the health guarantee as puppies are naturally at risk for them. They can be picked up in transit or due to stress when going into a new home, but are nothing serious and are easily taken care of should they occur.

- Umbilical hernias, and “cherry eye” are also not covered in the health guarantee.
- Breeder will NOT replace a puppy due to heat stroke, abuse/neglect, or improper socialization.
- **Two Year Guarantee against heritable disease: In light of the fact that 60% of all degenerative disease is related to poor nutrition, we require that your puppy remain on Life’s Abundance All Life Stages food and wellness supplements for the first 26 months of his/her life in order to qualify for the 2 Year Guarantee against heritable disease.

- This warranty covers only the original Buyer and is not transferable to other parties.
